This amazing love@tube iPhone App (featured in [Metro Newspaper](#)) has the awesome AIM of transforming London's world famous transport system "tube" into a buzzing Dating HUB with

thousands of possible hot dates travelling with you on the same tube network. This app brings to reality the dream of many of having that memorable romantic encounter on London Tube and being able to reach out to that person and hence no more missed encounters :).

***Liked a hottie/cutie on Tube? Find him/her again! Post a love@tube message now. :)***

**What is Love@tube:** London Tube began its first journey on 10 Jan 1863. Now In 2010, around 3.4 million (source: Wikipedia) people use it every weekday and more than half of them are single.

***According to a [Metro.co.uk](http://Metro.co.uk) survey in 2008, Tube users spotted an average of four fanciable people every day. Not only that, One in 100 even married someone they met on the Underground***

.□

**Quite simply□ love@tube can turn your long boring tube journey into a date. Whereas all other Online dating platforms suffer from fake profiles, polished photos and long Aboutmes leading to possible□ disappointment□ when you meet the person in real, a love@tube date begins in real world when you already have seen the person in real. *Its simply Amazing!***

Bluetooth Chat with the Cutie you are sitting opposite to and turn your tube journey into a pleasure ride.

## **Main features**

·post missed connection messages which are searchable in the app as well as on the web site.

·your message stays live indefinitely hugely increasing your chances of finding that special someone.

·post your daily commute details and find out who is single and looking and shares your daily

journey from a to b and b to c.

·interact with other online users even the ones travelling with you on the same tube using bluetooth chatrooms or in-app messaging.

·This app works on credits system to keep spammers out. You get 200 free credits (worth £2) when you join. Posting a love@tube message costs 50 credits and unlocking someone else's message costs 10 credits. You can TOP-UP credits anytime at <http://iluvlondon.net> . You should have positive credit balance to be able to chat with someone using this app. You can edit your profile and post messages on <http://iluvlondon.net> as well.

Enjoy love@tube! Make your next London tube journey a Memorable One!
